Morris Boychuk Award Renamed: Frank Schetter & Dick Nogleberg Award

To honor their contributions made to our industry, as well as their many achievements, the Morris Boychuk Award has been renamed the Frank Schetter & Dick Nogleberg Award. This award is presented to an apprentice from each graduating class to recognize honesty, integrity, dedication and commitment to the industry.

In 1966 Frank Schetter began his apprenticeship, and in 1970 he graduated as a Journeyman Wireman. Since then he has gone on to establish the local collective bargaining agreement. Frank was appointed to the CSLB for 8 years, and was inducted into The Academy of Electrical Contracting.

Currently Frank serves on numerous committees dedicated to the betterment of the industry.

Dick Nogleberg entered into the apprenticeship in 1963 and graduated as Journeyman Wireman in 1968. He helped the SECA Chapter join NECA, was inducted into the Academy, has served as National Vice-President for District IX. The contributions these two men have

made to the industry are truly too numerous to list.

In Support of Our Community

NECA is excited to announce that registration is open for the 2022 NECA Convention and Trade Show in Austin, Texas. This year's convention, held Oct. 15-18, reunites the electrical construction industry for the trade's premier event.

Attendees will gain access to industry-leading education, outstanding keynote speakers, peer-to-peer networking, unforgettable entertainment, and North America's largest electrical construction trade show.

NECA 2022 Austin will feature a virtual option, making every education session available to all registrants. Whether in-person or virtual, all attendees will have access to on-demand content following the convention.

Visit necaconvention.org for complete details on NECA 2022 Austin, including a schedule and details on registration.
